

Mission Statement

VIPCO INDUSTRIES INC. established in 1971, is an innovative custom laminator of quality decorative wall panels, moldings, and related products. We continually strive to be market leaders in the building products industry throughout our Canadian, USA and Export markets. Knowledge of our products and industry, combined with our experienced staff, allow us to continually grow while meeting the demands of our ever-changing market.

"At Vipco we believe that you can only produce a quality product if first you use quality materials."
